

**THE
UNIVERSE
IS
WHISPERING
TO US.**

[illegible]

MOST OF OUR PLANET IS TOO “NOISY” FOR THESE WHISPERS TO BE HEARD, SO THE GREEN BANK TELESCOPE RESIDES IN THE NATIONAL QUIET ZONE, WHERE VERY LITTLE RADIO NOISE IS TRANSMITTED. GREEN BANK TELESCOPE IS THE WORLD’S LARGEST FULLY STEERABLE RADIO TELESCOPE THAT DETECTS THESE MINISCULE SIGNALS.
